

**Stud Book and Registration Committee Agenda
2018 Convention
Jacksonville, Florida**

1. Welcome by Chair
2. Committee guidelines
3. Meeting protocol
4. Registration statistical update
5. Rick Bailey, The Jockey Club – Electronic Certificates
6. Dr. Stephanie Valberg, Michigan State University – Immune-Mediated Myositis
7. Member comments on agenda items 9 – 19
8. Nominations for Committee Chair (Saturday)

Agenda Items Eligible for Membership & Board of Directors Consideration:

9. Microchip task force meeting update
10. Appendix bred to Appendix task force meeting update
11. Request to consider discounted rates for volume registration business (member)
12. Amend REG117.3, to extend the period for a free correction when the correction is for color (member)
13. Amend REG108 (member):
 - (a) require all breeding stallions and mares to have genetic panel test done
 - (b) foals resulting from a breeding involving a parent that has tested positive for any of the diseases covered by the genetic disease panel are ineligible for registration
14. Amend REG102 to allow the registration of a foal obtained by a third party via a foreclosure sale or court judgment so long as the owner of the foal's stallion has signed a breeder's certificate notwithstanding the owner of the foal's mare has not signed a breeder's certificate or registration application (member)
15. Include Overo color pattern and Splash White in genetic panel test (member)

16. Amend REG102.3 as it pertains to AQHA requiring a copy of The Jockey Club certificate to list a thoroughbred on AQHA records for breeding. The Jockey Club is eliminating printed certificates beginning with the 2018 foal crop. (staff)
17. Amend REG112 to clarify requirements for oocyte and embryo permits and consider providing ability for stallion owner to either (1) sign embryo permit application releasing the breeder's certificate or (2) sign embryo permit application ***without*** releasing the breeder's certificate (staff)
18. Amend REG108.2 and REG108.3 (staff)
 - (1) Remove last sentence in 108.2 that states, "This type must be on file with AQHA prior to the registration of any foal sired by such stallion from mares covered in REG108.3 below."
 - (2) Change wording in REG108.3 to, "A DNA type for the sire and dam must be on file with AQHA prior to the registration of any foal."
19. Remove REG108.4 since all breeding stallions are now required to have a genetic panel test on file. (staff)

Closing Business

20. Election of Committee Chair
21. Adjourn
